

Sable Island National Park Reserve – Park Management Update

Alannah Phillips^{1*}

¹ A/Park Manager, Sable Island National Park Reserve, Parks Canada, P.O. Box 9080 Station A, Halifax, NS, Canada B3K 5M7

* Presenter

Under the *Canada National Parks Act*, Parks Canada is required to table a management plan in Parliament for a new national park within five years of establishment. The management plan, informed by public consultation, is the guiding document for Parks Canada to set its priorities of resource conservation, management of visitor experience and initiatives related to outreach and education. Parks Canada will provide an overview of the management planning process, as well as some highlights of operations since establishment.
